

Bologna Congress Card – user guide

The [Bologna Congress Card](#) is a free, digital card designed for conference participants and their companions, allowing them to discover and experience the city by taking advantage of numerous discounts and promotions valid on event days on transportation, merchandising, tours and restaurants.

The card is offered by the Bologna Convention Bureau, business unit of Bologna Welcome, Convention & Visitors Bureau of the city of Bologna, which is responsible for the development and management of tourist reception activities and the promotion of Bologna and its territory nationally and internationally, both in business and leisure tourism.

Bologna Convention Bureau, dealing with event organizers, defines the creation of the Bologna Congress Card for events hosted in the city, and event participants and their companions will be able to use it to obtain discounts.

The card is digital and customized for each event with the logo and the dates of the event. BCB also creates **a dedicated web page**. The card and the page containing all the usage information will be shared with event organizers, who agree to share it to all event participants.

The validity period of the card includes the days explicitly defined on the dedicated web page.

The card is exclusively digital and not named: in order to obtain the dedicated discounts, participants will simply have to show merchants the artwork downloaded from the website.
