

Teatro San Leonardo

Overview

Ex-Church Teatro San Leonardo is located in the historical center of Bologna in an ancient monastic complex. The Theater has an historical charm thanks to the well-lightened naves and domes, to the wood stage and to the several fine decorations. It is the right solution for those searching for a high quality location with professional equipments as sound - video and light systems and with a grand piano. We can provide professional technicians (audio, video, lights), event manager, hostess, cashier's desk, barman, wardrobe mistress. There is a foyer that faces to the theater, where it is possible to have a welcome drink, a bar area and a courtyard of 200 sq. m. with architectural lights. Since 2011 this is the house of Angelica | Center of Musical Research and International Music Festival.
