

# La Casona Eventi

---

## Overview

La Casona Eventi specializes in creating culinary experiences for corporate events, trade shows, meetings, brunches, coffee breaks and soft lunches. With years of experience in the industry, it is the ideal choice for companies, associations and public entities seeking a reliable partner throughout the country and Europe. Its culinary proposals are based on the authentic flavors of the Mediterranean tradition, but also adapt to modern needs, offering a variety of vegetarian and vegan dishes. The commitment to sustainability is reflected in the choice of materials, through the use of biodegradable and compostable plates and glasses and a wide assortment of ceramic, steel and crystal mise en place. La Casona also takes care of the set-up and logistical aspects, ensuring that every event, large or small, leaves a positive and lasting impression.
